

Test Report

| | |
|--|------------------|
| Date and time of reporting (dd/mm/yyyy) : 12 hour format | 09/05/2021 |
| Address of the referring facility/Hospital | HMCH, ROURKELA |
| SPECIMEN DETAILS | |
| Date & Time of receipt of specimen (dd/mm/yyyy) | 08/05/2021 |
| Condition of specimen received / Quality on arrival | Under cold chain |
| REPORTING DETAILS | |

| SI No | Sample ID | Patient Name | Age | Sex | Address | Specimen type | Date of sample testing | Result 2019-nCoV (RT-PCR) | Department |
|-------|-------------|-----------------|-----|-----|--|---------------|------------------------|---------------------------------|--------------|
| 1 | HMCHR/C/857 | DASHRATH SINGH | 57 | M | IPD RGH ROURKELA MOB- 9692119468 | NP SWAB | 09/05/2021 | NEGATIVE | MICROBIOLOGY |
| 2 | HMCHR/C/858 | GOLNCHI DANGIL | 60 | F | IPD RGH ROURKELA MOB- 934876514 | NP SWAB | 09/05/2021 | NEGATIVE | MICROBIOLOGY |

Checked and Approved

Checked and Approved by

Note: The results relate only to the specimens tested and should be correlated with clinical findings. Interpretation guidance:-

- Please ensure and maintain the confidentiality of the test report.
- Testing of referred clinical specimens was considered on the basis of request/referral received from/ through State Surveillance Officer (SSO) of concerned State Integrated Disease Surveillance Programme (IDSP) affirming requirements of the case definition/s.
- A single negative test result, particularly if this is from an upper respiratory tract specimen, does not exclude infection.*
- Repeat sampling and testing of lower respiratory specimen is strongly recommended in severe or progressive disease. Therepeat specimens maybe considered after a gap of 2 – 4 days after the collection of the first specimen for additional testing.*
- The sputum (if produced), endotracheal aspirate (ETA) or bronchoalveolar lavage (BAL) fluid would be appropriate for testing.*
- A positive alternate pathogen does not necessarily rule out either, as little is yet known about the role of co infections.
- Please note that these results are not to be used for any thesis or presentations or for Publication in any Journal without the prior permission of the Director, ICMR-National Institute of Virology, Pune
