

### Smart City Challenge Round-II

Once again, the Government of India Launched SMART City Mission Round-II Challenge, in which City Challenge is an important component, hence Rourkela Municipal Corporation is preparing SMART City Proposal (SCP) to compete for the city challenge and improve quality of life in Rourkela and give suggestive replicable ideas in different parts of the country.

Objective of Rourkela City Challenge is to prepare **SMART City Proposal (SCP) Round-II** in order to transform Rourkela into SMART City through citizen-driven plan and active participation of citizens, associations, students, professionals and experts. The main motive is to encourage bottom up planning approach to overcome the flaws in the 1<sup>st</sup> round SCP planning and development process through four pillars of comprehensive development-institutional, physical, social and economic infrastructure with using SMART solutions, innovative ideas and technologies.

Citizens, students, youth, professionals, stakeholders, associations, media, experts are requested to state your issues and suggest solutions to address the issues and make Rourkela as SMART City. Citizen are requested to suggest different Area Based Development Strategies from City Improvement/ Retrofitting; City Renewal/ Redevelopment; City Extension (Greenfield Development) and also PAN City Initiative that might be applicable along with their constraints. Get your proposals approved and implemented for Rourkela.

Make your valuable suggestion & issue at <https://www.mygov.in/group-issue/rourkela-smart-city-proposal-round-2/> and Like the Face Book Page <https://www.facebook.com/Rourkela-SMART-City-PHASE-II-631645980321311/>
