

Test Report

Date and time of reporting (dd/mm/yyyy) : 12 hour format	05/04/2021
Address of the referring facility/Hospital	CDM & PHO, ROURKELA
SPECIMEN DETAILS	
Date & Time of receipt of specimen at State VRDL, SCBMCH (dd/mm/yyyy)	04/04/2021
Condition of specimen received / Quality on arrival	Under cold chain
REPORTING DETAILS	

Sl. No.	Sample ID	Patient Name	Age	Sex	Specimen type	Date of sample testing	Result 2019-nCoV RTPCR
1	nCoV6L76086	NANDA KISHORE MOHANTY	45	M	NP. Swab	5/4/2021	NEGATIVE
2	nCoV6L76087	MANOJ KUMAR MOHANTY	52	M	NP. Swab	5/4/2021	NEGATIVE
3	nCoV6L76088	MANISH KUMAR MOHANTY	22	M	NP. Swab	5/4/2021	NEGATIVE
4	nCoV6L76089	JAYANTILATA MOHANTY	46	F	NP. Swab	5/4/2021	NEGATIVE
5	nCoV6L76090	SUBHANGI SWAIN	13	F	NP. Swab	5/4/2021	NEGATIVE
6	nCoV6L76091	NIKHIL KANSARI	21	M	NP. Swab	5/4/2021	NEGATIVE
7	nCoV6L76092	MAHENDER MANDAL	60	M	NP. Swab	5/4/2021	NEGATIVE
8	nCoV6L76093	VIJAY LAXMI AGARWAL	62	F	NP. Swab	5/4/2021	NEGATIVE
9	nCoV6L76094	PURNIMA BARWA	22	F	NP. Swab	5/4/2021	NEGATIVE
10	nCoV6L76095	AMARENDRA JENA	35	M	NP. Swab	5/4/2021	NEGATIVE
11	nCoV6L76096	RAKESH KUMAR	22	M	NP. Swab	5/4/2021	NEGATIVE
12	nCoV6L76097	ROBIN AARYA	27	M	NP. Swab	5/4/2021	NEGATIVE
13	nCoV6L76098	AMIT KUMAR	28	M	NP. Swab	5/4/2021	NEGATIVE
14	nCoV6L76100	KASTURI NAIK	20	F	NP. Swab	5/4/2021	NEGATIVE
15	nCoV6L76101	BIJAY PARIDA	36	M	NP. Swab	5/4/2021	NEGATIVE
16	nCoV6L76103	NIMI CHARAN PADHIARY	24	M	NP. Swab	5/4/2021	NEGATIVE
17	nCoV6L76104	SWEATA RANI PANIGRAHI	23	F	NP. Swab	5/4/2021	NEGATIVE

Note: The results relate only to the specimens tested and should be correlated with clinical findings.

Interpretation guidance:-

- Please ensure and maintain the confidentiality of the test report.
- Testing of referred clinical specimens was considered on the basis of request/referral received from/through State Surveillance Officer (SSO) of concerned State Integrated Disease Surveillance Programme (IDSP) affirming requirements of the case definition/s.
- A single negative test result, particularly if this is from an upper respiratory tract specimen, does not exclude infection.*
- Repeated sampling and testing of lower respiratory specimens is strongly recommended in severe or progressive disease. There repeats specimens may be considered after a gap of 2 – 4 days after the collection of the first specimen for additional testing.*
- The sputum (if produced), endotracheal aspirate (ETA) or bronchoalveolar lavage (BAL) fluid would be appropriate for testing.*
- A positive alternate pathogen does not necessarily rule out either, as little is yet known about the role of coinfections.
- Please note that these results are not to be used for any thesis or presentations or for publication in any journal without the prior permission of the Director, ICMR-National Institute of Virology, Pune

Note: The results relate only to the specimens tested and should be correlated with clinical findings.

Interpretation guidance:-

- Please ensure and maintain the confidentiality of the test report.
- Testing of referred clinical specimens was considered on the basis of request/referral received from/through State Surveillance Officer (SSO) of concerned State Integrated Disease Surveillance Programme (IDSP) affirming requirements of the case definition/s.
- A single negative test result, particularly if this is from an upper respiratory tract specimen, does not exclude infection.*
- Repeats sampling and testing of lower respiratory specimens is strongly recommended in severe or progressive disease. There repeats specimens may be considered after a gap of 2 – 4 days after the collection of the first specimen for additional testing.*
- The sputum (if produced), endotracheal aspirate (ETA) or bronchoalveolar lavage (BAL) fluid would be appropriate for testing.*
- A positive alternate pathogen does not necessarily rule out either, as little is yet known about the role of coinfections.
- Please note that these results are not to be used for any thesis or presentations or for publication in any journal without the prior permission of the Director, ICMR-National Institute of Virology, Pune

Test Report

167	nCoV6L80968	NIMESH NITIN DADIA	42	M	NP. Swab	5/4/2021	NEGATIVE
168	nCoV6L80969	PURVI NIMESH DADIA	39	F	NP. Swab	5/4/2021	NEGATIVE
169		VAALMIK NIMESH DADIA	5	M	NP. Swab	5/4/2021	NO SAMPLE
